Please note that the application has been renamed to SecureTestBrowser on the Chrome Web Store.
When updating from the previous version, the application will automatically reflect this new name.
Added August 13, 2020
iOS/iPadOS Secure Browser Update
Version 6.0.1 of the Secure Browser for iOS/iPadOS has been posted to the RISE portal and is now available for download.
When updating from the previous version, the application will automatically reflect this new name.
Added August 3, 2020
Desktop Secure Browser Update
Versions 12.5 of the Secure Browser for Windows, MacOS, and Linux desktop systems have been posted to the RISE portal and are now available for download.
Beginning August 30, 2020, desktop versions of the Secure Browser prior to 12.5 will cease function. After this date, version 12.5 of the Secure Browser linked above will be required to access testing content on Windows, MacOS, and Linux desktop systems.
The mobile Secure Browser applications have not yet
