Enrollment Plan

- Invite realtor companies to come tour our school and add our name to the MLS listing.
 - Natalie calls realtor businesses and schedules
- Enrollment insert in all school programs.
 - Kevin has updated flyer
- Add advertisement on signature line of every school email sent out.
 - Troy to work on this, Kelly comes up with wording
- Enrollment ad printed copy home with students, copies in the front office, and send through school messenger with "tell your friends" message.
- Email families that are new to Vista this year that we have openings.
 - Marie does this
- Social media once a week that we are enrolling and highlight our school.
 - Kevin does this
- Adding a link on the webpage so people can schedule a tour directly on our website
 - Troy does this
- "Schedule a Tour" page will be given to groups to hand out when they are going out into the community to perform, will include a QR code that takes people directly to the "Schedule a Tour" part of the webpage
 - Logan is working on this with his students
- Give out tickets to community businesses to performances
 - Nutcracker performance--give tickets to Dance Magic to distribute
- Email a survey to 2021-22 applicants asking the reason they declined invitation

Other ideas discussed:

- Brochure provide to families that come on tours highlighting our programs, facilities, faculty, alumni, etc.
- Drafting an "on hold" message about enrollment when people call the school.

Vista School Enrollment Policy

Vista School is open to all Utah students, regardless of race, creed, color, religion, gender, national origin, or ability/disability status. Vista School runs an annual lottery the first Monday of February where new applicants are given a randomized lottery number. Subsequent lotteries are held each month as needed. Acceptance into Vista School is based on the following criteria:

- First preference is given to students currently attending Vista School who plan to return for the next academic year and children of faculty and staff
- Second preference is given to siblings of currently enrolled students.
- Third preference is given to siblings of children selected from the lottery process to ensure that family groups are enrolled together.
- All remaining applicants not eligible via the first three criteria will be placed on the
 waitlist. If an accepted student decides not to attend Vista or leaves the school during
 the year, their position will be offered to the next waitlisted student for that grade level.

Goals for 2021-22 School Year

<u>Goal 1-</u> By the end of the 2021-22 school year, Vista School students will exceed state achievement scores on the RISE math assessment in 4 out of 6 grade levels with the highest emphasis on improvements in grades 4-6.

Current Level- Vista School had an average of 36% passing rate on the RISE math assessment last year. The state average was 41%. The breakdown looks like this:

```
3rd grade- 45% YES STATE-45%
4th grade- 35% NO STATE-45%
5th grade- 19% NO STATE-42%
6th grade- 17% NO STATE-32%
7th grade- 43% YES STATE-43%
8th grade- 36% NO STATE-37%
```

Action Steps:

- -utilize new math aides and special education teacher for interventions
- -train teachers on new math curriculum and retrain on current curriculum
- -observe and support math teachers
- -implement specific math groups in 4th-6th grade during Friday advisory
- -implement more after school tutoring for math than other subjects
- -review goal with all staff and encourage them to incorporate more math in their classes

<u>Goal 2-</u> By the end of the 2021-22 school year, in grades K-3, Vista School will have 80% of its students move from "below benchmark" to "at or above benchmark" according to the Acadience reading assessment.

Current Level- Last year, Vista School had the following percentages for students who were "below benchmark" at the BOY to "at benchmark" at the EOY. Typical growth is 80% in each grade level.

```
Kindergarten- 79%
1st grade- 60%
2nd grade- 42%
3rd grade- 36%
```

Action Steps:

- -K-3 language arts teachers will attend LETRS training by USBE
- -Title 1 services changed to a platoon intervention at the beginning of the year
- -Title 1 paraprofessionals will participate in extensive training in interventions by the Title 1 Director
- -Title 1 staff will progress monitor students on Acadience in grades K-5 bi-weekly
- -Title 1 staff will provide summer reading program for students at risk

-all teachers will infuse language arts strategies into their curriculum

<u>Goal 3-</u> By the end of the 2021-22 school year, Vista School will decrease its level 3 office behavior referrals by 40%.

Current Level- Vista had 71 level 3 office behavior referrals last year. These are instances where hitting, fighting, or school damages were involved.

Action Steps:

- -Review schoolwide management plan at the beginning of the year with teachers
- -Increase social-emotional lessons taught by counseling department in classrooms
- -Train teachers on Safe and Civil Schools in October
- -Hire two skills coaches and train them on behavior techniques
- -Implement Motor Lab by November 1, 2021

Director & Officer Code of Conduct

- 1. I will NOT attempt to influence management OR board decisions pertaining to the employment or contracts of family members or personal friends (including hiring, termination, compensation, discipline, assignment, etc.).
- 2. I will recuse myself from all board votes AND *discussions*, whether in open or closed sessions, that *individually* (i.e., *not* categorically such as all teachers) involve my family members or personal friends or businesses which I may have an interest in (whether or not I am an owner).
- 3. When interacting with faculty and staff, I will not (1) issue directives, (2) represent myself as a conduit between them and the board, (3) undermine or criticize the school's leadership, or (4) explicitly or implicitly convey that my requests and/or suggestions carry board authority.
- 4. When participating in board meetings or committee meetings, I will conduct myself in a professional, courteous manner. I will specifically refrain from excessive profanity, unlawful discrimination, and rude behavior that the board would deem unacceptable were such to occur on the part of management or staff.
- 5. I will not speak for the board when I have not been authorized to do so. I remain free to express my personal opinions, but I will be careful to state that they do not necessarily represent the board as a whole.
- 6. Other than issues of student safety or things covered by the board's whistleblower policy, I will not take any action on any complaint or concern until the school leader has first had the opportunity to address it, other than to refer the person to the board's policy on such matters.
- 7. I will prepare in advance for board meetings and fulfill all committee assignments or other tasks that the board may delegate to me.
- 8. I will preserve confidences and confidential/sensitive information that I may become privy to as part of my responsibility as a board member.
- 9. I understand that the board's role is to govern the school (i.e., ensure that the student outcomes are being achieved within all required parameters) and NOT to co-manage it. As such, I will refrain from entangling myself in matters that properly belong to management.
- 10. I will not informally evaluate any staff member's performance or make any evaluative statement of management's performance in an open session of the board unless the board is specifically evaluating management as an agenda item.
- 11. I will not use my position as a board member to secure special privileges for my children or the children of my friends.

Board of Trustees Vista at Entrada School of Performing Arts & Technology

Report on the Basic Financial Statements

We have audited the accompanying financial statements of the governmental activities and the general fund of Vista at Entrada School of Performing Arts & Technology (the School) as of and for the year ended June 30, 2021, and the related notes to the basic financial statements, which collectively comprise the School's basic financial statements as listed in the table of contents.

Management's Responsibility for the Basic Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the basic financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities and the general fund of Vista at Entrada School of Performing Arts & Technology as of June 30, 2021, and the respective changes in financial position and the respective budgetary comparison for the *general fund* for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Emphasis of Matter

As discussed in Note 10 to the basic financial statements, in 2021, the state of Utah required charter schools to change their basis of accounting to following accounting standards for local governments established by the Government Accounting Standards Board. Our opinions on the basic financial statements are not modified with respect to this matter.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the required supplementary information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated October 27, 2021 on our consideration of the School's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the School's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the School's internal control over financial reporting and compliance.

Management's Discussion and Analysis

This section of the financial report of Vista at Entrada School of Performing Arts & Technology (the School) presents management's discussion and analysis of the School's financial performance during the year ended June 30, 2021.

Financial Highlights

- The School's assets exceeded its liabilities at the close of the most recent fiscal year by \$2,533,216 (net position). Of this amount \$5,109,551 (unrestricted net position) may be used to meet the School's ongoing obligations to students, employees, and creditors.
- During the year, expenses were \$216,189 more than the \$9,047,676 generated in revenues for governmental activities.
- The School receives most of its revenue from state and federal funding based on the number of students enrolled during the year. State and federal revenues totaled \$8,595,697 in 2021. Instruction expenses totaled \$3,858,123 in 2021.
- The School received loan forgiveness on its Paycheck Protection Program loan of \$782,100.

Overview of the Financial Statements

This discussion and analysis is intended to serve as an introduction to the basic financial statements. The School's basic financial statements comprise three components: a) government-wide financial statements, b) fund financial statements, and c) notes to the basic financial statements.

Government-Wide Financial Statements

The *government-wide financial statements* are designed to provide readers with a consolidated broad overview of the School's finances, in a manner similar to a private-sector business or nonprofit organization.

The *statement of net position* presents information on all the assets and liabilities, with the remainder being reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position is improving or deteriorating.

The *statement of activities* presents information showing how the net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods.

The School's government-wide financial statements are reported as *governmental activities*. The School's basic services are included here, such as instruction, various supporting services, food services, community services, and interest on long-term liabilities. State and federal grants finance most of these activities.

Fund Financial Statements

A *fund* is a group of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The School's accounting demonstrates compliance with finance-related legal requirements.

Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on near-term inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating the School's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the School's near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison between governmental funds and governmental activities.

The School maintains one individual governmental fund (the *general fund*). The School adopts an annual appropriated budget for its *general fund*. A budgetary comparison statement is provided for the *general fund* to demonstrate compliance with this budget.

Notes to the Basic Financial Statements

The notes provide additional information that is essential for a full understanding of the data provided in the government-wide and fund financial statements.

Net position:	
Investment in capital assets	(2,657,683)
Restricted	81,348
Unrestricted	5,109,551
Total net position	\$ 2,533,216

As noted earlier, net position may serve over time as a useful indicator of a school's financial position. In the School's case, assets exceeded liabilities by \$2,533,216 at the close of the most recent fiscal year.

- A portion of the School's net position (a deficit of \$2,657,683) reflects the School's investment in capital assets (e.g., land and improvements, construction in progress, buildings and improvements, and equipment, furniture and fixtures, and vehicles, net of accumulated depreciation), less any related debt (bonds payable and obligations under capital lease) used to acquire those assets that are still outstanding. The School uses these capital assets to provide services to students; consequently, these assets are *not* available for future spending. Although the School's investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities.
- An additional portion of the School's net position (\$81,348) represents resources that are subject to external restrictions on how they may be used. The majority of the restricted balance is for nutrition services.
- The remaining net position (\$5,109,551) is unrestricted.

The School's net position decreased by \$216,189 during the current year from activities. The following discussion and analysis on governmental activities focuses on this increase.

- Revenues totaled \$9,047,676 for the year ended June 30, 2021. Of this amount, \$8,595,697 was from state and federal sources. Also, total expenses were \$10,045,965 during the same period. Of this amount \$3,858,123 was spent on instruction and \$3,736,601 was spent on supporting services.
- State aid is based primarily on weighted pupil units (WPUs) and other appropriations. If a student is in membership a full 180 days, the state awards the School one WPU. Certain students receive a weighting greater than one. The state provides the School with additional funding intended to represent the local taxes assessed by school districts. The value of the WPU increased by 1.8% during the year ended June 30, 2021 (\$3,596 during 2021 as compared to \$3,532 in 2020).
- The School also received loan forgiveness of \$782,100.

Governmental Fund Financial Analysis

The focus of the School's *governmental funds* is to provide information on near-term inflows, outflows, and balances of spendable resources. Such information is useful in assessing the School's financing requirements. The School's *general fund* completed the year with a fund balance of \$31,869,877, an increase of \$26,874,687 compared to the previous year. In addition, the following other changes in fund balances should be noted:

- Expenditures for the *general fund* totaled \$12,600,163. Instruction represents 31% of *general fund* expenditures.
- General fund salaries totaled \$3,313,780 while the associated employee benefits of retirement, social security, and insurance (health and accident, industrial, and unemployment) added \$1,522,485 to arrive at 38% of total general fund expenditures.

Governmental funds report the differences between their assets and liabilities as fund balance, which is divided into nonspendable, restricted, and unrestricted portions. *Nonspendable* includes inventories and prepaid items that are not expected to be converted to cash. *Restricted* includes net fund resources that are subject to external constraints due to state or federal laws, or externally-imposed conditions by grantors or creditors. *Committed* balances reflect the self-imposed limitation on the use of otherwise available expendable financial resources in governmental funds. *Assigned* balances in the *general fund* and other governmental funds are those that do not meet the requirements of restricted or committed but that are intended to be used for specific purposes. *Unassigned* balances in the *general fund* are all other available net fund resources. At June 30, 2021, the *general fund* balance is \$31,869,877 (\$234,487 in nonspendable, \$26,202,864 in restricted, and \$5,432,526 in unassigned fund balances).

General Fund Budgetary Highlights

Actual expenditures were \$5,383,123 more than original/final budgeted amounts as a result of not budgeting for the construction of additional facilities. Other variances normally result from expenditure-driven federal and state grants that are included in the budgets at their full amounts. Such grants are recognized as revenue when the qualifying expenditures have been incurred and all other grant requirements have been met; unspent grant amounts are carried forward and included in the succeeding year's budget. Therefore, actual grant revenues and expenditures are normally less than the amounts budgeted.

Capital Asset and Debt Administration

Capital Assets

The School's investment in capital assets for its governmental activities as of June 30, 2021 amounts to \$14,694,456 (net of accumulated depreciation). This includes land and improvements, construction in progress, buildings and improvements, equipment, furniture and fixtures, and vehicles.

Reconciliation of the Balance Sheet of the Governmental Fund to the Statement of Net Position

June 30, 2021

Total	tund	balances	tor	the	government	tal fund

\$ 31,869,877

Total net position reported for governmental activities in the statement of net position is different because:

Capital assets used in the governmental fund are not financial resources and therefore are not reported in the fund. Capital assets are reported, net of accumulated depreciation and amortization, in the statement of net position.

14,694,456

Long-term debt and related accounts are not due and payable in the current period and therefore are not reported in the funds; these accounts are reported in the statement of net position.

Reconciliation of the Statement of Revenues, Expenditures, and Changes in Fund Balances of the Governmental Fund to the Statement of Activities

Year Ended June 30, 2021

Net change in fund balances for the governmental fund

\$ 26,874,687

The change in net position for governmental activities in the statement of activities is different because:

The governmental fund reports capital outlays as expenditures. However, in the statement of activities, the cost of those assets is allocated over their estimated useful lives as depreciation and amortization expense.

Capital outlays	\$ 4,019,966	
Loss on sale of capital assets	(12,410)	
Depreciation and amortization expense	(511,674)	3,495,882

Debt proceeds provide current financial resources to governmental funds; issuing debt increases long-term liabilities in the statement of activities. Repayment of debt is an expenditure in the governmental fund; the repayment of debt reduces long-term liabilities in the statement of net position.

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The financial statements of the Vista at Entrada School of Performing Arts & Technology (the School) have been prepared in conformity with accounting principles generally accepted in the United States of America (GAAP) as applied to local government units. The Governmental Accounting Standards Board is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The School's more significant accounting policies are described below.

Reporting Entity

Vista at Entrada School of Performing Arts & Technology (the School) was incorporated in the state of Utah on November 29, 2007 as a nonprofit organization involved in public education. The School operates a public charter school in Ivins, Utah. The School serves students from kindergarten through grade eight.

Government-Wide and Fund Financial Statements

The *government-wide financial statements* (the statement of net position and the statement of activities) display financial activities of the School. These statements include the financial activities of the overall government.

The statement of activities presents a comparison between direct expenses and program revenues for each function of the School's governmental activities. Direct expenses are those that are specifically associated with a function and, therefore, are clearly identifiable to a function. Depreciation expense for capital assets that can specifically be identified with a function are included in its direct expenses. Depreciation expense for "shared" capital assets (for example, a school building is used primarily for instruction, school administration, operation and maintenance of facilities, and food services) are ratably included in the direct expenses of the appropriate functions. Interest on general long-term liabilities is considered an indirect expense and is reported in the statement of activities as a separate line. Program revenues include a) fees and charges paid by students and other recipients of goods or services offered by a given function, and b) grants and contributions that are restricted to meeting the operational or capital requirements of a function. Revenues that are not classified as program revenues are presented as general revenues.

The School reports the *general fund*, the School's primary operating fund, as a major governmental fund. The *general fund* accounts for all financial resources of the School.

Measurement Focus, Basis of Accounting, and Financial Statement Presentation

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded at the time liabilities are incurred, regardless of when the related cash flows take place. Nonexchange transactions, in which the School receives value without directly giving equal value in exchange, include grants and contributions. On an accrual basis, revenue from grants and contributions is recognized in the fiscal year in which all eligibility requirements have been satisfied.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Under this method, revenues are recognized when measurable and available. The School considers all revenues reported in the governmental funds to be available if the revenues are collected within thirty days after year end. Expenditures generally are recorded when the related fund liability is incurred, except for principal and interest on general long-term debt, which are recognized as expenditures to the extent they have matured. General capital asset acquisitions are reported as expenditures in governmental funds. Proceeds of general long-term debt are reported as other financing sources.

Expenditure-driven grants are recognized as revenue when the qualifying expenditures have been incurred and all other eligibility requirements have been met. All other revenue items are considered measurable and available only when the School receives cash.

Budgetary Data

The School submits a Board-approved annual budget to the Office of the Utah State Auditor in accordance with state requirements. The Board may amend the annual budget prior to year-end. The budget has been prepared on the modified accrual basis of accounting. Revenues are budgeted by source and program. Expenditures are budgeted by function and object.

Expenditure-driven grants are included in the budgets at their full amounts. Such grants are recognized as revenue when the qualifying expenditures are incurred and all other grant requirements are met; unspent grant amounts are carried forward and included in the succeeding fiscal year's budget. Therefore, actual grant revenues and expenditures are normally less than the amounts budgeted.

Cash and Investments Restricted for Debt Service

Resources have been set aside in bond funds for annual debt service, debt service reserves, and building repairs. Deposits to and withdrawals from these bond funds are governed by the bond agreement. These bond funds are presented as restricted cash and investments and are measured at fair value (see Notes 2, 3, and 8).

Prepaid Items

The School made payments for goods and services that will be consumed or utilized in a future period.

Capital Assets

Capital assets, which include land, construction in progress, buildings and improvements, and equipment and buses, are reported in the government-wide financial statements. The School defines capital assets as assets with an initial, individual cost of more than \$5,000 for land and improvements, buildings and improvements, equipment, furniture and fixtures, and vehicles. Purchased or constructed capital assets are reported at cost or estimated historical cost. Donated capital assets are recorded at estimated acquisition value at the date of donation.

The cost of normal maintenance and repairs that do not add to the value of the asset or materially extend assets' lives are not capitalized. Buildings and improvements and equipment and buses are depreciated using the straight-line method over the estimated useful lives as indicated in the chart below:

Asset Class	Depreciable Lives (Years)
Land improvements	40
Buildings	40
Building improvements	20
Equipment	5
Furniture and fixtures	10
Vehicles	10

Long-Term Liabilities

In the government-wide financial statements, long-term debt and other long-term liabilities are reported as liabilities in the statement of net position. Bond premiums are deferred and amortized over the life of the bonds using the straight-line method. Bonds payable are reported net of the applicable unamortized bond premium.

In the fund financial statements, the face amount of debt issued and premiums received are reported as other financing sources.

Net Position/Fund Balances

The residual of all other elements presented in a statement of net position is *net position* on the government-wide financial statements and the residual of all other elements presented in a balance sheet on the governmental fund financial statements is *fund balance*.

Net position is divided into three components: net investment in capital assets (capital assets, net of accumulated depreciation and related debt), restricted, and unrestricted. Net position is reported as restricted when constraints are placed upon it by external parties or are imposed by constitutional provisions or enabling legislation.

The governmental fund financial statements present fund balances based on a hierarchy that shows, from highest to lowest, the level or form of constraints on fund balance resources and the extent to which the School is bound to honor them.

Net Position/Fund Balance Flow Assumption

Sometimes the School will fund outlays for a particular purpose from both restricted and unrestricted resources. In order to calculate the amounts to report in each category of net position and fund balance, a flow assumption must be made about the order in which the resources are considered to be applied.

Net Position – It is the School's policy to consider restricted net position to have been depleted before unrestricted net position.

Fund Balance – It is the School's policy to consider restricted fund balance to have been depleted before using any components of unrestricted fund balance. Further, when components of unrestricted fund balance can be used for the same purpose, committed fund balance is depleted first, followed by assigned fund balance. Unassigned fund balance is applied last.

NOTE 2 – DEPOSITS AND INVESTMENTS

A reconciliation of cash and investments at June 30, 2021, as shown on the financial statements, is as follows:

Carrying amount of deposits Carrying amount of investments	\$ 3,045,100 29,221,316
Total	\$ 32,266,416
Cash and investments Restricted investments	\$ 6,144,900 26,121,516
Total	\$ 32,266,416

The School complies with the State Money Management Act (*Utah Code* Title 51, Chapter 7) (the Act) and related Rules of the Money Management Council (the Council) in handling depository and investing transactions. School funds are deposited in qualified depositories as defined by the Act. The Act also authorizes the School to invest in the Utah Public Treasurers' Investment Fund (PTIF), certificates of deposit, U.S. Treasury obligations, U.S. agency issues, first-tier commercial paper, banker's acceptances, repurchase agreements, corporate bonds, money market mutual funds, and obligations of governmental entities within the State of Utah.

The Act and Council rules govern the financial reporting requirements of qualified depositories in which public funds may be deposited and prescribe the conditions under which the designation of a depository shall remain in effect. The School considers the rules of the Council to be necessary and sufficient for adequate protection of the School's uninsured bank deposits.

Deposits

The School's carrying amount of bank deposits at June 30, 2021 is \$3,045,100. The bank balance is \$3,292,234, of which \$333,484 is covered by federal depository insurance.

Custodial Credit Risk – Custodial credit risk for deposits is the risk that, in the event of a bank failure, a government's deposits may not be returned to it. The School does not have a formal deposit policy for custodial credit risk other than to comply with the Act. At June 30, 2021, the uninsured amount of the School's bank deposits was uncollateralized nor is it required by state law.

Investments

In accordance with bond requirements, the School has invested in bond investment accounts which are restricted and consisted of the following at June 30, 2021:

	Invested in PTIF	Cash	Total
Bond investment accounts:			
Escrow fund	\$ 13,017,464	\$ -	\$ 13,017,464

Project fund	11,149,077		11,149,077
Total	\$ 26,038,032	\$ 83,484	\$ 26,121,516

At June 30, 2021, the School has \$29,221,316 invested with the PTIF.

The PTIF is an external local government investment pool managed by the Utah State Treasurer. The PTIF is authorized and makes investments in accordance with the Act. The Council provides regulatory oversight for the PTIF. Participant accounts with the PTIF are not insured or otherwise guaranteed by the state. Participants in the PTIF share proportionally in the income, costs, gains, and losses from investment activities. The degree of risk of the PTIF depends upon the underlying portfolio, which consists of debt securities held by the state or in the state's name by the state's custodial banks, including investment-grade corporate bonds and notes, money market mutual funds, first-tier commercial paper, and certificates of deposit. The portfolio has a weighted average maturity of 90 days or less. The majority of the PTIF's corporate bonds and notes are variable-rate securities, which reset every three months to the prevailing market interest rates. The PTIF is not rated. The PTIF has no debt securities with more than 5% of its total investments in a single issuer.

Interest Rate Risk – Interest rate risk is the risk that changes in interest rates will adversely affect the fair value of an investment. The School manages exposure to interest rate risk by complying with the Act, which requires that the remaining term to maturity of investments to not exceed the period of availability of the funds invested. Except endowments, the Act further limits the remaining term to maturity on all investments in commercial paper, bankers' acceptances, and fixed-rate securities from 270 days to 15 months. In addition, variable-rate securities may not have a remaining term to final maturity exceeding three years.

Credit Risk – Credit risk is the risk that an issuer or other counterparty to an investment will not fulfill its obligations. The School's policy for reducing its exposure to credit risk is to comply with the Act and related rules. The Act and related rules limit investments in commercial paper to a first-tier rating and investments in fixed-income and variable-rate securities to a rating of A or higher as rated by Moody's Investors Service or by Standard & Poor's.

Concentration of Credit Risk – Concentration of credit risk is the risk of loss attributed to the magnitude of a government's investment in a single issuer. The School's policy for managing this risk is to comply with the Act and related rules. The Act limits investments in commercial paper and or corporate obligations to 5% of the total portfolio with a single issuer.

Custodial Credit Risk – Custodial credit risk for investments is the risk that, in the event of the failure of the counterparty, a government will not be able to recover the value of investment or collateral securities that are in the possession of an outside party. The School's policy for managing this risk is to comply with the Act and related rules.

NOTE 3 – FAIR VALUE MEASUREMENTS

The School categorizes its fair value measurements within the fair value hierarchy established by generally accepted accounting principles. The hierarchy is based on the valuation inputs used to measure the fair value of the asset. Level 1 inputs are quoted prices in active markets for identical assets; Level 2 inputs are significant other observable inputs; Level 3 inputs are significant unobservable inputs.

The School has the following recurring fair value measurements as of June 30, 2021:

• Public Treasurers' Investment Fund of \$29,221,316 is valued at the School's position in the PTIF multiplied by the published fair value factor (Level 2).

NOTE 4 – CAPITAL ASSETS

The School has commitments to build an additional school building. Construction costs will be financed from general obligation bond proceeds and resources accumulated in the *general fund* (refer to Note 8). Construction commitments at June 30, 2021 are summarized as follows:

	Commitment	Costs to Date	Costs to Complete	
New Building	\$ 15,500,735	\$ 4,383,292	\$ 11,117,443	

NOTE 5 – RETIREMENT PLANS

Defined Contribution Plan

The School participates in a deferred compensation retirement plan – under Internal Revenue Code Section 401(k) and 403(b) – that covers all full-time employees. School matching contributions to the plan were \$419,864 for the year ended June 30, 2021. Plan assets are held by a third-party administrator.

NOTE 6 – LONG-TERM LIABILITIES

Long-term liability activity for the year ended June 30, 2021 is as follows:

	Beginning Balance	Additions	Reductions		Ending Balance		Due Within One Year	
Bonds payable	\$ 12,145,000	\$ 28,785,000	\$	(230,000)	\$	40,700,000	\$	245,000

Bonds Payable

The School purchased its facilities by issuing \$13,310,000 of Series 2012 Charter School Revenue Bonds on March 1, 2012. The 2012 bonds were issued through Utah State Charter School Finance Authority (the Authority). The 2012 bonds are not debt of the state of Utah or the Authority but are obligations payable solely from School funds; the Authority does not guarantee the bonds. The average interest rate on the 2012 bonds is 6.15%.

The School issued \$28,785,000 of Series 2020A and 2020B Charter School Revenue Bonds on July 1, 2020, for the purposes of refunding the Series 2012 Charter School Revenue Bonds and financing the construction of additional facilities. The 2020 bonds were also issued through the Authority. The 2020 bonds are not debt of the state of Utah or the Authority but are obligations payable solely from School funds; the Authority does not guarantee the bonds. The average interest rate on the 2020 bonds is 3.47%. The School plans to refund the 2012 bonds in July 2022.

The Series 2020A and 2020B Charter School Revenue Bonds were issued with a bond issuer fees payable of \$1,111,450 to the Authority. This payable represents payments of 2% of the outstanding bond principal over the life of the bonds.

The future debt service of the bonds is summarized as follows:

Year Ending June 30,	Principal	Bond Issuer Interest Fees Payable		Total	
2022 2023 2024 2025 2026 2027 - 2031 2032 - 2036	\$ 245,000 255,000 900,000 935,000 970,000 5,480,000 6,730,000	\$ 1,757,987 1,743,984 1,720,444 1,686,623 1,650,323 7,613,680 6,366,306	\$ 57,570 57,570 56,310 55,020 53,700 247,200 207,460	\$ 2,060,557 2,056,554 2,676,754 2,676,643 2,674,023 13,340,880 13,303,766

The 2012 bonds were issued at a discount of \$133,100. Amortization relating to the bond discount was \$4,437 for the year ended June 30, 2021. Accumulated amortization was \$41,409 at June 30, 2021.

The 2020 bonds were issued at a premium of \$1,656,938. Amortization relating to the bond discount was \$57,570 for the year ended June 30, 2021. Accumulated amortization was \$57,570 at June 30, 2021.

The bond agreement requires the School to maintain a debt service coverage ratio of 110 percent and unrestricted cash on hand equal to or greater than 40 days of the operating expenses for the prior fiscal year, which amount shall be increased to the extent it is not sufficient to meet accrued salary obligations. Net income available for debt service was 120 percent of the School's maximum annual debt service for the year ended June 30, 2021. The School has 235 days cash on hand at June 30, 2021.

These covenants remain in effect until the bonds are retired.

Obligation under Capital Lease

The School has entered into a capital lease agreement for the right to use certain buildings. The lease expires on June 2027. Lease payments totaled \$73,628 for the year ended June 30, 2021.

Amortization of buildings held under capital lease is included with depreciation expense. Amortization is calculated using the straight-line method over the 6.5-year estimated useful life of the equipment. Amortization expense for the equipment totaled \$26,356 for the year ended June 30, 2021.

The following is a summary of leased capital assets at June 30, 2021:

Buildings	\$ 342,634
Accumulated amortization	(26,356)
	\$ 316,278

Future minimum payments under capital lease obligations, together with their present values as of June 30, 2021, are summarized as follows:

Year Ending June 30,	
2022 2023 2024 2025	\$ 43,824 43,824 43,824 43,824
2026 2027	43,824 43,824
Total minimum lease payments Amount representing interest	262,944 (60,389)
Present value of minimum lease payments	\$ 202,555

Paycheck Protection Program Loan

The School received loan proceeds of \$782,100 under the Paycheck Protection Program (PPP). The PPP, established as part of the Coronavirus Aid, Relief and Economic Security (CARES) Act, provides for loans to qualifying businesses. The loans and accrued interest are forgivable as long as the borrower uses the loan proceeds for eligible purposes (including payroll, benefits, rent and utilities) and maintains its payroll levels. During the year ended June 30, 2021, the School received forgiveness of \$782,100 for the loan and any accrued interest.

NOTE 7 – RISK MANAGEMENT

The School maintains insurance coverage for general, personal injury, errors and omissions, and malpractice liability up to \$1,000,000 per occurrence through policies administered by the Utah State Risk Management Fund (Fund). The Fund is a public entity risk pool operated by the State for the benefit of the State and local governments within the State. The School pays annual premiums to the Fund. This is a pooled arrangement where the participants pay experience rated annual premiums, which are designed to pay claims and build sufficient reserves so that the pool will be able to protect the participating entities with its own capital. The pool reinsures excess losses to preserve the capital base. Insurance coverage from coverage by major category of risk has remained relatively constant as compared to the prior fiscal year. There were no settlements in excess of the insurance coverage in any of the past three years.

The Workers Compensation Fund of Utah covers all School employees for workers compensation. The State of Utah Department of Workforce Services provides unemployment insurance. There were no settlements in excess of the insurance coverage in any of the past three years.

VISTA AT ENTRADA SCHOOL OF PERFORMING ARTS & TECHNOLOGY NOTES TO THE BASIC FINANCIAL STATEMENTS

NOTE 8 – LITIGATION AND COMPLIANCE

At certain times, claims or lawsuits are pending in which the School is involved. School counsel and insurance carriers estimate that the potential obligations resulting from such claims or litigation would not materially affect the School's financial statements.

All fund balances are positive at June 30, 2021.

Fund expenditures exceeded budgeted appropriations in the general fund by \$5,368,359.

The School receives significant financial assistance from federal and state governmental agencies in the form of grants. The disbursement of funds received under these programs generally requires compliance with terms and conditions specified in the grant agreements and are subject to audit by the School's independent auditors and other governmental auditors. Any disallowed claims resulting from such audits could become a liability of the *general fund*. Based on prior experience, administration believes such disallowance, if any, would be insignificant.

NOTE 9 – COMMITMENTS

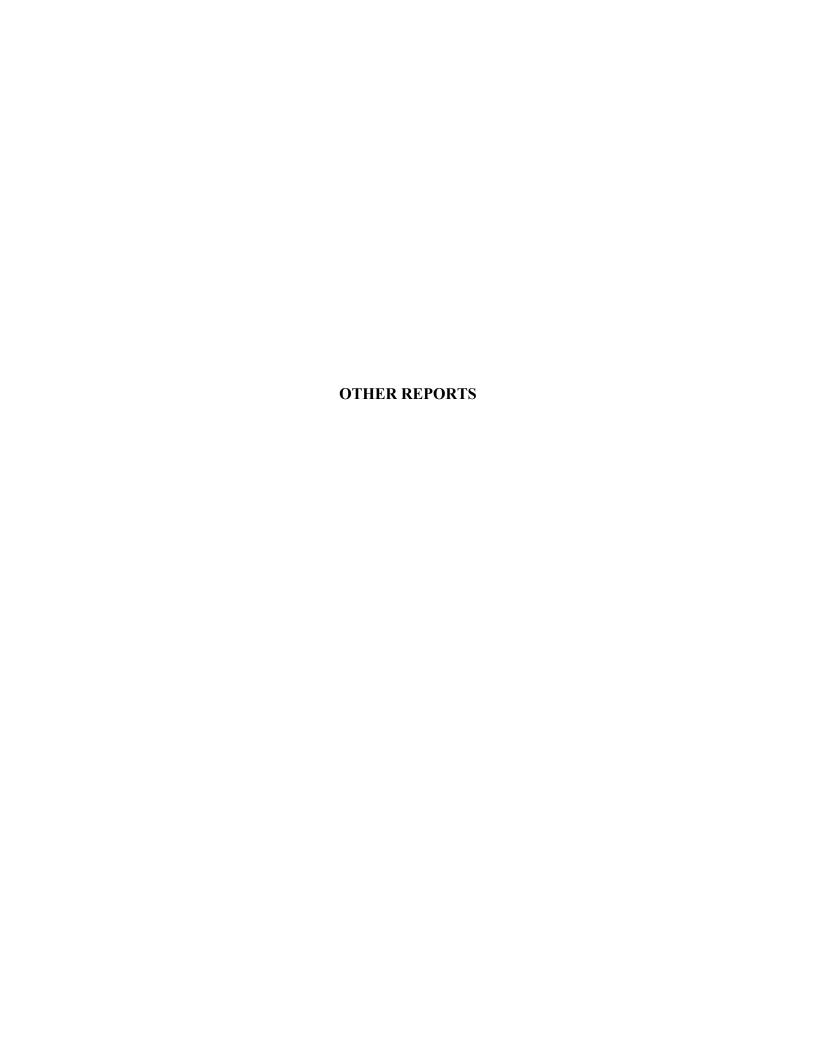

Operating Lease

The School entered a non-cancelable operating lease agreement for equipment; the agreement expired November 2020. Monthly lease payments were \$686. Lease payments for the period ending June 30, 2021 were \$4,118.

NOTE 10 – RESTATEMENT

Effective July 1, 2020, the state of Utah required all charter schools to follow and report their financial statements based on accounting standards established by the Governmental Accounting Standards Board (GASB) rather than by the Financial Accounting Standards Board (FASB). This change in reporting standards caused the beginning net position of the School to be adjusted as follows:

	 vernmental Activities
Net assets at June 30, 2020, as originally stated (FASB)	\$ 3,027,656
FASB to GASB reporting adjustments: Bond issuance costs, net of accumulated amortization	 (278,251)
Net position at June 30, 2020, as restated (GASB)	\$ 2,749,405

Independent Auditor's Report on Internal Control over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with *Government Auditing Standards*

Board of Directors Vista at Entrada School of Performing Arts & Technology

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of Vista at Entrada School of Performing Arts & Technology (the School), as of and for the year ended June 30, 2021, and the related notes to the financial statements, which collectively comprise the School's basic financial statements, and have issued our report thereon dated October 27, 2021.

Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered the School's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the School's internal control. Accordingly, we do not express an opinion on the effectiveness of the School's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the School's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

.....

Purpose of this Report

Squire of Company, PC

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the School's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the School's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Independent Auditor's Report on Compliance and Report on Internal Control over Compliance Required by the *State Compliance Audit Guide*

Board of Directors Vista at Entrada School of Performing Arts & Technology

Report on Compliance

We have audited Vista at Entrada School of Performing Arts & Technology's (the School) compliance with the following applicable state compliance requirements described in the *State Compliance Audit Guide*, issued by the Office of the Utah State Auditor, for the year ended June 30, 2021:

Budgetary Compliance
Fund Balance
Fraud Risk Assessment
Public Treasurer's Bond
Minimum School Program – Unrestricted Programs
Minimum School Program – Restricted Programs: Special Education and Teacher and Student
Success Act
School Fees

Management's Responsibility

Compliance with the state compliance requirements referred to above is the responsibility of the School's management.

Auditor's Responsibility

Our responsibility is to express an opinion on the School's compliance based on our audit.

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the *State Compliance Audit Guide*. Those standards and the *State Compliance Audit Guide* require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the state compliance requirements referred to above that could have a material effect on a state compliance requirement occurred. An audit includes examining, on a test basis, evidence about the School's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for the applicable state compliance requirement referred to above. Our audit does not provide a legal determination of the School's compliance with those requirements.

Opinion on Compliance

In our opinion, Vista at Entrada School of Performing Arts & Technology complied, in all material respects, with the state compliance requirements referred to above for the year ended June 30, 2021.

Other Matters

The results of our auditing procedures disclosed instances of noncompliance, which are required to be reported in accordance with the *State Compliance Audit Guide* and which are described below. Our opinion on compliance is not modified with respect to these matters.

Budgetary Compliance – We noted that the School's total expenditures exceeded the amount appropriated in the final adopted budget by \$5,383,123. The School did not include anticipated construction costs of a building in its budget. Also, certain budgeted functional costs differed from actual functional cost classifications. We recommend budgets include all anticipated school activities and is classified by function.

Views of Responsible Officials – The School will ensure that budgets will include all loan proceeds and the associated construction expenses.

The School's response to the noncompliance findings identified in our audit is described above. The School's response was not subjected to the auditing procedures applied in the audit of compliance and, accordingly, we express no opinion on the response.

Report on Internal Control over Compliance

Management of the School is responsible for establishing and maintaining effective internal control over compliance with the state compliance requirements referred to above. In planning and performing our audit, we considered the School's internal control over compliance with the state compliance requirements referred to above to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on compliance with those applicable state compliance requirements, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the School's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a state compliance requirement on a timely basis. A material weakness in internal control over compliance is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a state compliance requirement will not be prevented, or detected and corrected, on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a state compliance requirement that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be deficiencies, significant deficiencies, or material weaknesses in internal control over compliance. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the *State Compliance Audit Guide*. Accordingly, this report is not suitable for any other purpose.

Board of Trustees Vista at Entrada School of Performing Arts & Technology

We have audited the financial statements of the governmental activities and each major fund of Vista at Entrada School of Performing Arts & Technology (the School) as of and for the year ended June 30, 2021, and related notes to the basic financial statements, and have issued our report thereon dated October 27, 2021. Professional standards require that we advise you of the following matters relating to our audit.

Our Responsibility in Relation to the Financial Statement Audit

As communicated in our engagement letter dated July 22, 2021, our responsibility, as described by professional standards, is to form and express opinions about whether the financial statements that have been prepared by management with your oversight are presented fairly, in all material respects, in conformity with accounting principles generally accepted in the United States of America. Our audit of the financial statements does not relieve you or management of its respective responsibilities.

Our responsibility, as prescribed by professional standards, is to plan and perform our audit to obtain reasonable, rather than absolute, assurance about whether the financial statements are free of material misstatement. An audit of financial statements includes consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the School's internal control over financial reporting. Accordingly, as part of our audit, we considered the internal control of the School solely for determining our audit procedures and not to provide any assurance concerning such internal control.

We are also responsible for communicating significant matters related to the audit that are, in our professional judgment, relevant to your responsibilities in overseeing the financial reporting process. However, we are not required to design procedures for identifying other matters to communicate to you.

Planned Scope and Timing of the Audit

We conducted our audit consistent with the planned scope and timing we previously communicated to you.

Compliance with All Ethics Requirements Regarding Independence

The engagement team, others in our firm, as appropriate, and our firm have complied with all relevant ethical requirements regarding independence.

We assisted in the preparation of the financial statements and the related notes disclosures and supplementary information, which is a nonaudit service. This service was subject to our firm's engagement quality control review. Management designated a qualified individual to oversee this nonaudit service, evaluated the adequacy and results of the service performed, and accepted responsibility for the preparation and fair presentation of the financial statements and related notes and supplementary information in accordance with accounting principles generally accepted in the United States of America.

Qualitative Aspects of the School's Significant Accounting Practices

Significant Accounting Policies

Management has the responsibility to select and use appropriate accounting policies. A summary of the significant accounting policies adopted by the School is included in Note 1 to the financial statements. As described in Note 10 to the financial statements, the School is reporting its financial statements following accounting standards established by the Government Accounting Standards Board rather than the Financial Accounting Standards Board in compliance with new state regulations. No matters have come to our attention that would require us, under professional standards, to inform you about the methods used to account for significant unusual transactions and the effect of significant accounting policies in controversial or emerging areas for which there is a lack of authoritative guidance or consensus.

Significant Accounting Estimates

Accounting estimates are an integral part of the financial statements prepared by management and are based on management's current judgments. Those judgments are normally based on knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ markedly from management's current judgments.

The most sensitive accounting estimates affecting the financial statements are depreciation of capital assets and allocation of indirect costs to services.

Management's estimate of depreciation is based on allocating the cost of capital assets over their useful lives using the straight-line method. Management prorates indirect costs (facilities costs, depreciation, and interest expense) to services based on direct costs. We evaluated the key factors and assumptions used to develop the accounting estimates and determined that they are reasonable in relation to the financial statements as a whole and in relation to the applicable opinion units.

Financial Statement Disclosures

Certain financial statement disclosures involve significant judgment and are particularly sensitive because of their significance to financial statement users. The most sensitive disclosures affecting the School's financial statements relate to measurement focus, basis of accounting, and financial statement presentation (Note 1), long-term liabilities (Note 6), and commitments (Note 9).

Significant Difficulties Encountered during the Audit

We encountered no significant difficulties in dealing with management relating to the performance of the audit.

Uncorrected and Corrected Misstatements

For purposes of this communication, professional standards require us to accumulate all known and likely misstatements identified during the audit, other than those that we believe are clearly inconsequential, and communicate them to the appropriate level of management. Further, professional standards require us to also communicate the effect of uncorrected misstatements related to prior periods on the relevant classes of transactions, account balances or disclosures, and the financial statements as a whole.

Uncorrected misstatements or matters underlying those uncorrected misstatements could potentially cause future-period financial statements to be materially misstated, even though the uncorrected misstatements are immaterial to the financial statements currently under audit. The following list summarizes uncorrected financial statement misstatements whose effects in the current and prior periods, as determined by management, are immaterial, both individually and in the aggregate, to the financial statements as a whole:

It was noted during this year's audit that payroll-related expenses for summer payrolls were shown as outstanding checks at June 30, 2020 and as a liability which overstated total payroll expenses for the 2020 fiscal year. To resolve this error, payroll expenses were reduced by this same \$220,000 in fiscal year 2021.

A summary of audit adjustments and reclassifications is attached to this letter. This summary includes misstatements (material or otherwise) that we identified because of our audit procedures; these were brought to the attention of, and corrected by, management.

Disagreements with Management

For purposes of this letter, professional standards define a disagreement with management as a matter, whether or not resolved to our satisfaction, concerning a financial accounting, reporting, or auditing matter, which could be significant to the School's financial statements or the auditor's report. No such disagreements arose during the audit.

Representations Requested from Management

We have requested certain written representations from management, which are included in the attached letter dated October 27, 2021.

Management's Consultations with Other Accountants

In some cases, management may decide to consult with other accountants about auditing and accounting matters. Management informed us that, and to our knowledge, there were no consultations with other accountants regarding auditing and accounting matters.

Other Significant Matters, Findings or Issues

In the normal course of our professional association with the School, we generally discuss a variety of matters, including the application of accounting principles and auditing standards, business conditions affecting the School, and business plans and strategies that may affect the risks of material misstatement. None of the matters discussed resulted in a condition to our retention as the School's auditors.

This report is intended solely for the information and use of the Board of Directors, and management of Vista at Entrada School of Performing Arts & Technology and is not intended to be and should not be used by anyone other than these specified parties.

Respectfully,

Squire & Company, PC 1329 South 800 East Orem, Utah 84097

This representation letter is provided in connection with your audit of the financial statements of the governmental activities and the general fund of Vista at Entrada School of Performing Arts & Technology (the School) as of and for the year ended June 30, 2021, and the related notes to the basic financial statements, for the purpose of expressing an opinion as to whether the financial statements present fairly, in all material respects, the financial position of the governmental activities and the general fund, the respective changes in financial position and the respective budgetary comparison for the general fund of the School in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

Certain representations in this letter are described as being limited to matters that are material. Items are considered material, regardless of size, if they involve an omission or misstatement of accounting information that, in the light of surrounding circumstances, makes it probable that the judgment of a reasonable person relying on the information would be changed or influenced by the omission or misstatement.

We confirm that to the best of our knowledge and belief, having made such inquiries as we considered necessary for the purpose of appropriately informing ourselves as of October 27, 2021:

Financial Statements

- 1. We have fulfilled our responsibilities, as set out in the terms of the audit engagement letter dated July 22, 2021, for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP. As part of the audit, you assisted with the preparation of our financial statements and the related notes. We have designated an individual with suitable skill, knowledge, or experience to oversee your services and have made all management decisions and performed all management functions relating to the financial statements and the related notes. We have reviewed, approved, and accepted responsibility for those financial statements and the related notes prior to their issuance.
- 2. We have reviewed, approved, and taken responsibility for adjusting, reclassifying, eliminating, and converting journal entries that were proposed by you for recording in our books and records and reflected in the financial statements.
- 3. We acknowledge our responsibility for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.
- 4. We acknowledge our responsibility for the design, implementation, and maintenance of internal control to prevent and detect fraud.
- 5. We acknowledge our responsibility for compliance with the laws, regulations, and provisions of contracts and grant agreements.
- 6. We have a process to track the status of audit findings and recommendations.

- 7. We have identified and communicated to you all previous audits, attestation engagements, and other studies related to the audit objectives and whether related recommendations have been implemented.
- 8. We have provided views on your reported findings, conclusions, and recommendations, as well as our planned corrective actions, for the report.
- 9. With regards to nonattest services performed by you, we acknowledge our responsibility to:
 - a. Assume all management responsibilities;
 - b. Designate an individual who possesses suitable skill, knowledge, or experience to oversee the services;
 - c. Evaluate the adequacy and results of the services performed; and
 - d. Accept responsibility for the results of the services.
- 10. Significant assumptions used by us in making accounting estimates, including those measured at fair value, are reasonable.
- 11. Related party relationships and transactions have been appropriately accounted for and disclosed in accordance with the requirements of U.S. GAAP.
- 12. All events subsequent to the date of the financial statements and for which U.S. GAAP requires adjustment or disclosure have been adjusted or disclosed.
- 13. The effects of uncorrected misstatements summarized and aggregated by you during the current engagement are immaterial, both individually and in the aggregate, to the financial statements as a whole.
- 14. The effects of all known actual or possible litigation and claims have been accounted for and disclosed in accordance with U.S. GAAP.
- 15. All funds and activities are properly classified.
- 16. All funds that meet the quantitative criteria in U.S. GAAP for presentation as major are identified and presented as such and all other funds that are presented as major are considered important to financial statement users.
- 17. All components of net position and classifications of fund balance are properly reported and, if applicable, approved.
- 18. Our policy regarding whether to first apply restricted or unrestricted resources when an expense is incurred for purposes for which both restricted and unrestricted net position/fund balance are available is appropriately disclosed and net position/fund balance is properly recognized under the policy.
- 19. All revenues within the statement of activities have been properly classified as program revenues, general revenues, contributions to term or permanent endowments, or contributions to permanent fund principal.
- 20. All expenses have been properly classified in or allocated to functions and programs in the statement of activities, and allocations, if any, have been made on a reasonable basis.
- 21. All interfund and intra-entity transactions and balances have been properly classified and reported.
- 22. Special items and extraordinary items have been properly classified and reported.
- 23. Deposit and investment risks have been properly and fully disclosed.
- 24. Capital assets are properly capitalized, reported, and if applicable, depreciated.

- 25. All required supplementary information is measured and presented within the prescribed guidelines.
- 26. Regarding investments and other instruments reported at fair value:
 - a. The underlying assumptions are reasonable, and they appropriately reflect management's intent and ability to carry out its stated courses of action.
 - b. The measurement methods and related assumptions used in determining fair value are appropriate in the circumstances and have been consistently applied.
 - c. The disclosures related to fair values are complete, adequate, and in accordance with U.S. GAAP.
 - d. There are no subsequent events that require adjustments to the fair value measurements and disclosures included in the financial statements.
- 27. With respect to the required supplementary information (RSI) accompanying the financial statements:
 - a. We acknowledge our responsibility for the presentation of the RSI in accordance with the Governmental Accounting Standards Board.
 - b. We believe the RSI, including its form and content, is measured and fairly presented in accordance with prescribed guidelines.
 - c. The methods of measurement or presentation have not changed from those used in the prior period.
 - d. We believe the significant assumptions or interpretations underlying the measurement or presentation of the RSI, and the basis for our assumptions and interpretations, are reasonable and appropriate in the circumstances.

Information Provided

- 28. We have provided you with:
 - a. Access to all information of which we are aware that is relevant to the preparation and fair presentation of the financial statements such as records, documentation, minutes of the meetings of the Board of Directors or summaries of actions of recent meetings for which minutes have not yet been prepared, communications from regulatory agencies concerning noncompliance with, or deficiencies in, financial reporting practices, and other matters;
 - b. Additional information that you have requested from us for the purpose of the audit; and
 - c. Unrestricted access to persons within the School from whom you determined it necessary to obtain audit evidence.
- All transactions have been recorded in the accounting records and are reflected in the financial statements.
- 30. We have disclosed to you the results of our assessment of the risk that the financial statements may be materially misstated as a result of fraud.
- 31. We have provided to you our analysis of the School's ability to continue as a going concern, including significant conditions and events present, and if necessary, our analysis of management's plans, and our ability to achieve those plans.
- 32. We have no knowledge of any fraud or suspected fraud that affects the School and involves:
 - a. Management;

- b. Employees who have significant roles in internal control; or
- c. Others where the fraud could have a material effect on the financial statements.
- 33. We have no knowledge of any allegations of fraud, or suspected fraud, affecting the School's financial statements communicated by employees, former employees, vendors, regulators, or others.
- 34. We have identified and disclosed to you all known instances that have occurred or are likely to have occurred of noncompliance with provisions of contracts and grant agreements that has a material effect on the determination of financial statement amounts or other financial data significant to the audit objectives.
- 35. We have identified and disclosed to you all information that we are aware of regarding instances that have occurred or are likely to have occurred of abuse that could be quantitatively or qualitatively material to the financial statements or other financial data significant to the audit objectives.
- 36. We have disclosed to you all known litigation, claims, and assessments whose effects should be considered when preparing the financial statements and we have not consulted legal counsel concerning litigation, claims, or assessments.
- 37. We have disclosed to you the identity of the School's related parties and all the related party relationships and transactions of which we are aware.
- 38. We have disclosed to you all communications from regulatory agencies concerning noncompliance with or deficiencies in accounting, internal control, or financial reporting practices.
- 39. The School has no plans or intentions that may materially affect the carrying value or classification of assets and liabilities.
- 40. We have disclosed to you all guarantees, whether written or oral, under which the School is contingently liable.
- 41. We have disclosed to you all significant estimates and material concentrations known to management that are required to be disclosed in accordance with U.S. GAAP. Significant estimates are estimates at the balance sheet date that could change materially within the next year. Concentrations refer to volumes of business, revenues, available sources of supply, or markets or geographic areas for which events could occur that would significantly disrupt normal finances within the next year.
- 42. We have identified and disclosed to you the laws, regulations, and provisions of contracts and grant agreements that could have a direct and material effect on financial statement amounts, including legal and contractual provisions for reporting specific activities in separate funds.

43. There are no:

- a. Violations or possible violations of laws or regulations, or provisions of contracts or grant agreements whose effects should be considered for disclosure in the financial statements or as a basis for recording a loss contingency, including applicable budget laws and regulations.
- b. Unasserted claims or assessments that our lawyer has advised are probable of assertion and must be disclosed in accordance with U.S. GAAP.
- c. Other liabilities or gain or loss contingencies that are required to be accrued or disclosed by U.S. GAAP.
- 44. The School has satisfactory title to all owned assets, and there are no liens or encumbrances on such assets nor has any asset or future revenue been pledged as collateral, except as disclosed to you.

45. We have complied with all aspects of grant agreements and other contractual agreements that would have a material effect on the financial statements in the event of noncompliance.

State Compliance Audit

- 46. With respect to state compliance requirements:
 - a. We are responsible for understanding and complying with and have complied with state compliance requirements.
 - b. We are responsible for establishing and maintaining controls that provide reasonable assurance that we are administering our state compliance requirements in accordance with Office of the Utah State Auditor requirements and state grantor agency guidelines.
 - c. We have identified and disclosed to you all of our activities subject to state compliance requirements.
 - d. We have made available to you all contracts and agreements, including amendments, if any, and any other correspondence relevant to activities subject to state compliance requirements.
 - e. We have disclosed to you all known noncompliance with state compliance requirements.
 - f. We believe the School has complied with state compliance requirements (except for noncompliance we have disclosed to you).
 - g. We have made available to you all documentation related to state compliance requirements, including information related to state program financial reports and claims for reimbursements.
 - h. We have provided to you our interpretations of any compliance requirements that have varying interpretations.
 - i. Claims for reimbursements are supported by the books and records from which the basic financial statements have been prepared (and are prepared on a basis consistent with state grantor agency guidelines).
 - j. We have properly classified amounts claimed or used for matching in accordance with state grantor agency guidelines.
 - k. We have charged costs to programs in accordance with applicable cost principles.
 - We have disclosed to you any communications from the Office of the Utah State Auditor, state
 grantor agencies, and pass-through entities concerning possible noncompliance with state
 compliance requirements, including communications received from the end of the period
 covered by the compliance audit to the date of our report.
 - m. We have disclosed to you the findings received and related corrective actions taken from previous audits, attestation engagements, and internal or external monitoring that directly relate to the objectives of the compliance audit, including findings received and corrective actions taken from the end of the period covered by the compliance audit to the date of the auditor's report.
 - n. We have disclosed to you all known noncompliance with state compliance requirements after the period covered by your report on state compliance.
 - o. We are responsible for taking corrective action on audit findings of the compliance audit.
