Donations, Gifts, and Sponsorships Policy

1. Purpose

- a. The purpose of this policy is to establish Vista School policy and procedure governing the acceptance, valuation, and recognition of all types of donations, gifts, and sponsorships for Vista School. This policy is intended to create practices that adequately safeguard public funds, provide for accountability, and ensure compliance with all state and federal laws. Vista School encourages and supports community and business partnerships that enhance and supplement the public education system. Vista School is committed to work effectively with donors and sponsors to provide donation receipts, as required by law, and to facilitate the donors charitable intent to the extent that the intent of the donation is in harmony with Vista School goals and the law, and is appropriately approved. Vista School is ultimately responsible for the accounting, custody, expenditure, and allocation of all monies, including those that are obtained through donations, gifts, and sponsorships. Vista School is accountable for and must comply with all federal and state laws and rules, regardless of the source of funds. The School Board also desires to protect students, parents, teachers, and school administrators from over-commercialization and restrictions or requirements that are coercive, distracting, or disruptive to the education processes, threatening to the health and welfare of students, or lacking in educational merit. Vista School reserves the rights to decline, restrict, or redirect donations, gifts, and sponsorships.

2. Scope

- a. This policy applies to all Vista School administrators, licensed educators, staff members, students, organizations, volunteers, and individuals who receive, authorize, accept, value, or record donations, gifts, or sponsorships for Vista School. It is expected that in all dealings, Vista School and school employees will act ethically, consistent with Vista School's ethics training, the Utah Educator's Standards (R277-515), the Public Officers' and Employees Ethics Act (Utah Code 67-16), and State procurement law (Utah Code 63G-6a).

3. General Policy Statements for Vista School

- a. "Public funds" are defined as money, funds, and accounts, regardless of the source from which the funds are derived, that are owned, held, or administered by the state or any of its political subdivisions, including Vista School (Utah Code 51-7-3(26)). All monies received through donations, gifts, or sponsorships are considered public funds.

- b. All funds, property, or goods donated become public funds in the property of Vista School, and should be used for the purpose for which they were donated and in accordance with State and Vista School policies.
- c. Vista School recognizes that fundraising efforts, donations, gifts, sponsorships, and public support vary among schools. Vista School is committed to appropriate distribution of unrestricted funds and the management of donations and gifts to ensure that the educational opportunities for all students are equal and fair.
- d. Vista School is committed to principles of gender equity and compliance with Title IX guidance. Vista School commits to use all facilities, unrestricted donations and gifts, and other available funds in harmony with these principles. Vista School reserves the right to decline or restrict donations, gifts, and fundraising proceeds, including those that might result in gender inequity or violation of Title IX. The benefits derived from donations and gifts should be equitable for all students, comply with Title IX, and be in harmony with Article X of the Utah Constitution.
- e. Donors may donate directly to the Vista School Foundation, if applicable, for tax purposes. The donation or gift shall follow the foundation's policies and procedures.
- f. Vista School will comply with all applicable state and federal laws; the state procurement code (Utah Code 63G-6a); State Board of Education rules, including construction and improvements; IRS publication 526 “charitable contributions”; and other applicable IRS regulations.
- g. The collection of funds or assets associated with donations, gifts, or sponsorships will comply with Vista School cash receipting policies. The expenditure of any public funds associated with donations, gifts, or sponsorships will comply with Vista School cash disbursement policies.
- h. Donations, whether in-kind, cash, or otherwise, shall be complete transfers of ownership, rights, privileges, and/or title in or to the donated goods or services and become exclusive property of Vista School upon delivery.
- i. Vista School employees may not direct operating expenditures to outside funding sources to avoid Vista School procurement rules (operating expenditures include equipment, uniforms, salaries or stipends, improvements or maintenance for facilities, etc.)
- j. Vista School employees must comply with Vista School procurement policies and procedures, including complying with obtaining competitive quotes; bid splitting; and not accepting gifts, gratuities, or kickbacks from vendors or other interested parties.
- k. Donations and gifts should be accounted for at an individual contribution level.
- l. Donations, gifts, and sponsorships shall be directed to Vista School or Vista School programs. Donations, gifts, and sponsorships shall not be directed at specific Vista School employees, individual students, vendors, or brand name goods or services.
- m. If donations or gifts are offered in exchange for advertising or other services, an objective valuation will be performed and a charitable receipt will be issued by the foundation or the business administrator.

- n. Donations or gifts shall not be accepted that advertise or depict products that are prohibited by law for sale or use by minors, such as alcohol, tobacco, or other substances that are known to endanger the health and well-being of students.
- o. Donations, gifts, and sponsorships given by vendors to specific programs (e.g., drama, sports teams) or Vista School employees shall be evaluated for compliance with Utah Code 63G-6a-2304.5, "Gratuities, Kickbacks, Unlawful use of position or influence." As required by state law, donations will only be accepted where there is no expectation or promise, expressed or implied, of remuneration or any undue influence or special consideration. Vista School employees are not permitted to accept personal payment or gratuities in any form from a vendor or potential vendor as a precondition for purchase of any product or service.
- p. Donations and gifts over \$250 will be provided with an acknowledgment of the contribution from Vista School for IRS purposes. The acknowledgment will be in the form of a receipt issued by the foundation or business administrator. These receipts will be generated from the information provided on the "Donations, Gifts, and Sponsorships" form.
- q. All requests for donations and contributions by a student or parent are voluntary.

4. Procedures for Donations, Gifts, and Sponsorships

5. Types of Donations, Gifts, and Sponsorships

a. Products

- i. Vista School may accept donated products which carry the donor company's name, trademark, logo, or limited advertising on the product (e.g., cups, hats, t-shirts, equipment, etc.). These items shall be valued at fair market value at the time of the contribution. If advertising or other services are offered in exchange for the donation or gift, this may alter the contribution amount.

b. Cash Donations

- i. Cash donations are welcomed and may be accepted from private individuals, companies, organizations, clubs, foundations, and other appropriate entities. All cash donations will be received in compliance with Vista School's cash receipting policies.
- ii. Cash donations may be used to fund or enhance programs, facilities, equipment, supplies, services, etc.
- iii. Cash donations may not be used to hire regular classroom teachers, thereby altering the staffing ratios. However, classroom assistants,

coaching assistants, or specialists of any kind, including individuals who may hold educator licenses, may be hired using the funds received. Donations to fund such positions shall be made to a program, school, division, or department—not directly to individuals—and employment will be processed through Vista School’s Human Resources department and Payroll department. Vista School or school administration reserves the right to decline or restrict these types of donations if they create inequitable environments in the school or inequities that violate Title IX or other laws, are not economically in the best interest of Vista School, interfere with educational goals, or for any other reason determined by Vista School.

- iv. Cash donations shall not be used to augment an employee's remuneration beyond the remuneration associated with the salary schedule of the employee's position.

c. Donor and Business Partner Recognition

- i. Donor and business partner recognitions may be placed on equipment, furniture, and other donated gifts that are not considered capital or fixed assets. Non-permanent recognitions may be placed on Vista School buildings or structures with written approval from the director. The board may grant approval for the naming of buildings, structures, rooms, or other facilities; see Section f.
- ii. The director may authorize banners, flyers, posters, signs, or other notices recognizing a donor or school business partner. Such material shall feature the school-business partnership and not promote or endorse the business named.

d. Equipment, Supplies, or Goods

- i. Vista School may accept donated equipment, supplies, or goods for use in Vista School or school programs. These items shall be valued at the market value at the time of the contribution. If advertising or other services are offered in exchange for the donation or gift, this may alter the valuation amount.

e. Approval and Acceptance of Donations, Gifts, and Sponsorships

- i. Donations, gifts, and sponsorships valued at more than \$250 must be documented on Vista School “Donation, Contribution, or Sponsorship” form. This form must be completed prior to the acceptance of money or goods, and must be retained in Vista School or school accounting records. A copy of the completed form will be sent to the foundation or

business administrator, and a receipt for charitable contribution purposes will be issued to the donor.

- ii. Approval levels are as follows:
 - 1. Money, goods, supplies, or in-kind donations, gifts, or sponsorships valued at \$250-\$10,000 must be documented on Vista School "Donation, Contribution, or Sponsorship" form and be approved by the director.
 - 2. Money, goods, supplies, or in-kind donations, gifts, or sponsorships valued at \$10,000-\$50,000 must be documented on Vista School "Donation, Contribution, or Sponsorship" form and be approved by the business administrator and director prior to acceptance.
 - 3. Money, goods, supplies or in-kind donations, gifts, or sponsorships valued at more than \$50,000 must be documented on Vista School "Donation, Contribution, or Sponsorship" form and be approved by Vista School board prior to acceptance.

f. Capital Donations or Gifts/Large Donations or Gift Projects

- i. All donations or gifts for construction, maintenance, facilities renovation or improvement, and other capital equipment purchases must be approved in writing by the business administrator, the director, and the board. Prior to the initiation of a large capital drive or specific fundraising drive, the following will be provided to the business administrator for evaluation and recommendation to the director:
 - 1. Prospective construction, maintenance or renovation plans and estimated costs
 - 2. Proposed naming opportunities
 - 3. Proposed donation or gift timeline
 - 4. Loans or financing agreements
 - 5. Maintenance or upkeep requirements and costs
 - 6. Assurances of compliance with Title IX
- ii. The director will make a recommendation to the board. The board reserves the right to tentatively approve plans, pending donations, gifts, equity, or other conditions.
- iii. All physical facilities are owned and operated by Vista School. No part of any school facility or capital equipment may be named for a donation without the express written consent of the board.
- iv. Vista School shall only grant naming opportunities that are consistent with the mission and educational objectives of Vista School. Decisions regarding naming opportunities are within the sole discretion of the board.

g. Advertising

- i. To avoid disruption of students' instructional activities, schools shall not be used for distribution of partisan, religious, or commercial advertisements, flyers, bulletins, newspapers, etc.; nor shall such items be placed on vehicles parked on school grounds.
- ii. Principals may permit the school distribution of flyers, bulletins, newspapers, etc. with information regarding nonprofit community youth programs such as Boy Scouts of America, Girl Scouts of America, county and municipal programs, and little league-type recreation programs.
- iii. Students and employees of Vista School, including teachers and administrators, shall not act as agents for commercial agents during school hours or contract time.
- iv. Vista School employee's participation in a private, but education related, activity must be separate and distinguishable from the employee's public employment. Vista School employees may purchase advertising space to promote private or non-school-sponsored events in the same manner as the general public. Vista School employee's employment and experience can be used to demonstrate qualifications. The advertisement must clearly state that the activity is not school sponsored. See R277-107 for specific direction.

Internet Filtering Procedures

Internet Content Filtering - Currently using multiple tools:

- LanSchool
- Content Keeper
- Google Filtering
- Google Admin Tools
- MyVRSpot

In accordance with Federal and State Law, Vista School shall filter internet traffic for content defined in law that is deemed harmful to minors.

Vista School acknowledges that technology based filters are not always effective at eliminating harmful content and due to this, Vista School uses a combination of technological means and supervisory means to protect students from harmful online content.

In the event that students take devices home, Vista School will provide a technology based filtering solution for those devices. However, Vista School will rely on parents to provide the supervision necessary to fully protect students from accessing harmful online content.

Such as:

- Location students access internet
- The amount of time students spend using technology
- Hours of operation the students have access to technology
- What content that students are allowed to access when at home or away from school
- Students should not have access to technology when alone or unsupervised by parents or guardians.

Students shall be supervised when accessing the internet and using district owned devices on school property.

Internet Safety Policy

Vista School believes in the social, emotional, and physical well-being of all students. To this end, Vista consents to establish practices and procedures that make it fully compliant with all Child Internet Protection Act (CIPA) guidelines and to notify the public annually of this compliance.

Vista School implements CIPA compliant internet security measures by utilizing a specific technology that blocks or filters Internet access for all its students. This technology will protect adults and minors against depictions that are obscene and pornographic to the best of its abilities. This technology may be disabled by adults for bona fide research or other lawful purposes. This technology will consistently monitor all internet access by minors.

Vista School commits to educate all minors on appropriate use of the internet and world wide web as well as email, chat rooms, and other electronic communication. Parents will also sign a form that shows they have reviewed instructional videos with their students before checking out any technology from Vista School.

Vista commits to take reasonable steps to prevent “hacking” and other unlawful activities by minors online. This includes access to any material that is harmful to minors, prevention of bullying and cyberbullying, and other inappropriate behaviors.

All other elements of CIPA compliance are found in Vista’s Acceptable Use policy and Student Laptop policy.
