Enhancing, Enriching, and Extending the Quality of Education Provided to Vista School

## Vista Student Wins Utah VEX IQ Award by Kimberley Dawson

VEX IQ is a team collaboration where students are introduced to the fundamentals of science, technology, math, and engineering through robotics. VEX students use their problem-solving skills to design, create and operate a robot that can master various challenges. “Activities involving robotics necessitate that students collaborate, think computationally, troubleshoot, and innovate – all fundamental skills for 21st-century learners, and eventually, 21st-century professionals.” <https://www.vexrobotics.com>

In the 2022-2023 school year, Vista School has been privileged to send our VRC and VEX IQ teams to the VEX Robotics World Championship event in Dallas. Our older teams placed in the middle, while the younger VEX IQ team, Vista Vikings, took 4th place in their division.

Sedona Sachatello, member of the Vista Vikings, was also recently awarded the Utah VEX IQ Student of the Year Award. Sedona served as a team strategist, researcher, and note booker. She also played an organizational role, keeping the competition schedule and parts bin up to date. All team members worked on coding and the building of their robot, Jonathanian 2.0.

“Being involved with robotics has taught me to problem solve and be resilient. It doesn’t matter if you win or lose because you get to compete, and meet people, and have great experiences. I have learned time management, teamwork, coding and engineering – skills I will use my whole life,” said Sedona.

When asked about her goals, Sedona stated, “To be as helpful as possible, ask what I can do to be productive, and stay focused or don’t get distracted. I try to treat everyone with respect and kindness, even if it may be hard. I also try to keep everyone upbeat by being encouraging and making everyone laugh. Don’t be a sore loser. Don’t get upset. You can’t win every time.”

Sedona wants other students hoping to gain experience in robotics to know, “if you are just starting out, the best advice I can give is just keep trying. Keep learning new skills, keep researching, and redesigning. It’s not going to be easy at first. Just don’t give up!”

## VEX IQ continued

Sedona is a 7th grader with hopes of attending Success Academy in the future. Throughout her schooling, she plans to take a plethora of science and engineering classes, while also including as many extracurriculars as possible.

The Vista School Foundation would like to recognize and congratulate Sedona, the Vista Vikings, and Vista's VRC teams on their outstanding performance.

Dear Vista School Foundation Donor,

I want to take this opportunity to thank you for the \$300 Vocal scholarship. I plan to use the money for my private voice lessons. I love to sing and voice lessons have helped me become a better performer. I'm grateful for all the performance opportunities Vista has provided me.

Thank you  
Cecilia Dillie

Vista School Foundation Donor,

Thank you so much for the scholarship! Thanks to you, I'll be able to better myself as a performer and, hopefully, improve my odds in more competitive environments. I've always dreamed of being a great singer and now I have the chance to be. Thank you for giving me these opportunities and supporting me.

Your Grateful student,  
Kassidy Jaeger  
KJ

FOR \$150 PER MONTH TAX-DEDUCTIBLE DONATION

## ESTABLISH A SCHOLARSHIP IN YOUR NAME

### **IMPACT**

Design your scholarship to support the programs you want to foster, including arts, technology, or academics. See your impact first hand each year at the award ceremony, in student thank you letters, and in our newsletter.

### **BENEFITS**

Your tax deductible contribution earns you invitations to all Foundation events, including our VIP gala. In addition, receive two tickets to one of our special performances each year.

*The Vista School Foundation seeks to enhance, enrich, and extend the quality of education provided to the Vista community.*
